Director

50<sup>TH</sup> ANNIVERSARY  
TVA 1983

### PRESIDENT-ELECT'S MESSAGE

Dear fellow-members: I am flattered by your confidence in me, shown by electing me president for 1984. David Stidham has done a great job and I hope I can measure up to the standards he has set. I plan no sweeping changes in TTA. David has set up excellent committees and I hope all will continue with the programs in progress. My first priority is to reactivate the Oak Ridge Chapter. It was the first to be formed, but never functioned. We have increased local interest and will try to get TTA members in Oak Ridge, Norris, and maybe Knoxville together after the holidays. I call your attention to the 7th National Trails Symposium to be held at Russellville, Ark, May 26 to June 3. There will be 3 days of meetings on the campus of Ark Tech, then we move to Petit Jean State Park in the Ouachita Mts. for five days of hikes and exploring the region. David Rhyne and I are members of the Board of Directors of the National Trails Council.

A state trails seminar is long overdue and I hope we can get together with interested agencies soon to discuss Tenn's trail program.

I look forward to working with you in 1984. Serving with me on the TTA Board in 1984 are Bertha Chrietzberg, Vice Pres.; Dot Lingerfelt, Rec. Sec.; Evelyn Tretter, Corr. Sec./Trea.; David Stidham, Past Pres.; Directors Howard Ray Duncan, Sam Powell, Grimes Slaughter; and Chapter reps. Vic Canada, Arthur Yates, Jill Norvell, Tom Sells, and Evertt Kidder.

Sincerely, EVAN MEANS

## HIKES

### ROCK CASTLE BUSHWHACKERS TRIP (Fentress County) Sunday, December 4, 1983

On December 4 the Cumberland Mountain Chapter will be going on the Rock Castle Bushwhackers Trip. The hike will take us through a very historic and rugged section of Fentress County which will pass from the Cumberland Plateau into a deep gorge in which Rock Castle Creek flows. The hike will be approximately 4 miles and will be between class III and IV. Bring lunch and water. Good sturdy boots are required. We will be leaving from Talina's Pizza parking lot at 9:00 a.m. C.S.T. Talina's Pizza is across from the Fentress County General Hospital about 1/2 mile west of the courthouse on Highway 52.

LEADER: Howard Ray Duncan 879-8245  
Jamestown

Dec 10 - Chickasaw State Park - Join the Memphis Chapter on this easy trail through the pines of Chickasaw. Named for the Indians that once hunted and lived in the area, the Park now hosts hiking trails, camping, and fishing. Take hiway 64 or 57 and follow the signs. Meet Bob at the Park office at 9:30. Bring lunch and a friend.

Leader: Bob Barnett 767-9347

Dec 18 - Herb Parsons Lake - The Memphis Chapter is staying home this time and hiking around the lake at Fisherville. Take Walnut Grove east, past Cordova, to Herb Parsons. Meet Paul at 9:30 in front of Oshmann's Sporting Goods, Ridgeway at Park for carpool. This is our last hike of the year and should get you in the mood for the Christmas Holiday!

Leader: Paul Goldstein

### NORTHROP FALLS HIKE (Fentress County) Sunday, January 1, 1983

This hike will be an excellent opportunity for some to walk off the wooziness from the night before. It will take the hikers around the Northrup Falls Loop trail, which was constructed by the Cumberland Mountain Chapter. Some of the focal points of the hike will be Northrup Falls itself, which falls some 50 feet into the gorge, beautiful high cliffs, and a forest with some of the largest hemlocks in the area. Northrup Falls and the surrounding 75 acres where it is located will soon become a State Natural Area bearing the name Colditz Cove Natural Area. We will meet at Allardt Elementary School at 2:00 p.m. C.S.T. Miles-2, Class-II.

LEADERS: Steven Burke 879-8017 (7:00 a.m. - 5:00 p.m.)  
Howard Ray Duncan 879-8245

# Chapter News

## Cumberland Mountain

The Cumberland Mountain Chapter meeting was held Saturday, November 12 at Pickett State Park Lodge with 25 members and guests present, including the McCreary Co. Hiking Club President, Rita Ellis from Whitley City, Kentucky. The McCreary County Hiking Club plans to join the TTA as a supporting member. The evening began with everyone enjoying donuts, coffee, and hot chocolate as we warmed around the fire. The meeting got underway with Steven Burke giving a very enlightening report on the Cumberland Mountain Chapter's past year's activities. After minor business was discussed, Howard Ray Duncan gave an excellent slide presentation on the TTA annual meeting which was recently held at Pickett. Following the slide show, the floor was opened for nominations for 1984 chapter officers. A motion was made by Dean Pittman to re-elect the same officers as 1983 providing they were willing to accept. All accepted, except George Minnigh, who declined his position as member of the board due to job responsibilities. The motion of re-election by acclamation for the office of president, vice-president, and secretary-treasurer was seconded and passed. Nominations were then taken for the position of board member. Tom Sells was nominated by Sheryl Cooper. No other nominations were made and the motion was seconded and passed. Officers for 1984 are as follows: President - Steven Burke, Vice-President - Howard Ray Duncan, Secretary-Treasurer - Pamela Burke, and Board Member - Tom Sells. After elections the meeting was adjourned...Pamela Burke.

## Nashville

**CHAPTER MEETINGS** - The Nashville Chapter will not meet in November. The chapter will meet jointly with the Cumberland-Harpeth Audubon Chapter for a potluck dinner on Dec. 1 at the Cumberland Museum, beginning at 6:30 p.m. Bring a festive dish and a maximum of 10 of your best slides for show and tell. Utensils will be furnished.

## Memphis

What a fantastic hiking year we've had! Thanks to all those people who have contributed time and effort during those special events: "Spring in the Forest" Charlie Norvell; Mt. LeConte - Jerri Bull and Betty Porter; Cedars of Lebanon cook-out - Bob Barnett and his parents; Second Annual Picnic - everybody; Savage Gulf climbing school - Larry Turner and Rev. John Bell; TVA Barge - Bob, Jerri, Anne Lindholm, Wilma Overton, Julia Peace. And SPECIAL THANKS to all of our hike leaders for 1983: Jim Cox - Reelfoot; Jeff Wilson - Wapanocca; Charlie - Shelby Forest; Jerri Bull - Esparenza, Spring River, Chewalla, Mt. LeConte; Betty Porter - Shiloh, Mt. LeConte, Spring River; Larry Mullins - Natchez Trace; Ward Weens - Ft. Pillow; Steve Pardue - LBL; Jim Harrison - Big Hill Pond; Bob Barnett - Cedars, Chickasaw; Carol Walton - Elmwood; Jim Keeton - Mousetail; Larry Lohmann - Village Creek; Jim Drum - Blanchard Springs; Larry Turner - Savage Gulf; JC Bryant - Hatchie; Paul Goldstein - Herb Parson.

If it weren't for people like yall who cared and loved to hike with friends, we wouldn't have had such a wonderful year. (and next year is going to be better!) Thanks yall and HAPPY TRAILS - Jill Norvell, Chairperson, Memphis Chapter

## Murfreesboro

**MONTHLY MEETING** November 8, 1983

Chairman, Arthur Yates, opened the meeting and since this is election time the group nominated and voted to retain Mr. A. Yates as chairman. No Vice-chairman was voted in presently. Ms. Connie C. Shoemaker was nominated and voted in as secretary. Ms. Bertha Chrietzberg has been voted on to retain her as the Treasurer. Mr. Roger Shoemaker was voted on to retain him as Twin Forks Trail Chairman.

The first guest and speaker was Mr. FRANK FLY. He is well known in the area to be opposed to the COLUMBIA DAM PROJECT, he discussed the facts of Duck River and the COLUMBIA SCUM pro and con. The Murfreesboro chapter does OPPOSE THE COLUMBIA DAM and all member are planning to write to all TENNESSEE CONGRESSIONAL DELEGATES to let them know that we do oppose the project.

The second speaker was Jim Chrietzberg. His topic was ROCK CLIMBING, which he explained the different types and classes of rock climbing and the difference in rock climbing and mountain rappelling. He brought many different types of jam nuts and ropes in to demonstrate the difference.

We want to thank all the speakers, they did an outstanding job presenting their subjects and we all enjoyed the presentations.

Arthur Yates presented the Chapter with a new display board, to be used to display TTA material at public affairs in the area. He went to a lot of expense and trouble to make this. We really appreciate the beautiful display board.

Arthur Yates also presented several ideas to make people more interested in coming to our meetings. These will be printed and given out to the members in the near future. He also has some very good ideas for a membership drive, which we plan to put into affect soon. SECRETARY: CONNIE C. SHOEMAKER

#### DIFFICULTY RATINGS:

Class I - (Easy) Level, well worn, well marked for easy walking or strolling, no special footgear.  
 Class II - (Moderate) Some steep ground, good walking, well marked, proper footgear recommended.  
 Class III - (Difficult) Steeper ground and rocks, some use of hands for balance, proper footgear.  
 Class IV - (Very Difficult) Rugged terrain, steep ground and rocks, use of hands for balance and proper footgear required.  
 Class V - (Maximum Difficulty) Very rugged terrain, steep ground and rocks, not for beginning hikers.

## TRIP REPORTS

FALL CREEK FALLS BACKPACK  
Sept. 10-11, 1983

Despite the heat and dryness of this summer, five hikers; Harry Williamson, Bob Richards, Godlind and Erin Johnson, and Erin's friend Ruthie made the trip. A cold front had passed through while we travelled from the top of Plateau down into the Cane Creek Gorge. As we stopped to take a break at the new suspension bridge, a brief shower found us using the hand cables and a poncho for a temporary shelter. The creek was completely dry although there were cardinal flowers, phlox and other wildflowers blooming. The hike out of the gorge was slow and steady with a break taken near the top by a small rockhouse that had been carved out by a 20' waterfall. We camped for the night on the western side of the Gorge. Sunday hike was easier being all on top of the Plateau and we paused for views of Piney Creek and Falls, Fall Creek Falls and Gorge and Cane Creek Cascades and Falls. After finishing the hike we celebrated by eating lunch at the Park Inn.

Village Creek State Park, September 24 (Memphis Chapter) - Sprawling across 7,000 acres of woodland on Crowley's Ridge in eastern Arkansas is Village Creek State Park. Park Naturalist Larry Lohman led 22 hikers on an 8 mile loop exploring the unique natural beauty of this area. Many plants and trees found growing on Crowley's Ridge are uncommon anywhere else west of the Mississippi River. Larry also pointed out Jewelweed and Goldenseal and told us of their medicinal uses. He showed us the endangered tree Butternut or White Walnut. We had an interesting lesson on how he makes maple syrup from the Sugar Maple trees which grow in the Park. As we walked through a section where the trees were all tilted, Larry explained that this was caused by the ground moving 50 feet east due to pressure from a new man-made lake nearby. It was a gorgeous day; and Larry was a super interesting hike leader and gladly shared his wealth of knowledge with us. We are eagerly looking forward to another hike with him in the spring.

A. L. & B. P.

Mt. Leconte Lodge Trip  
September 28-29, 1983

Nine hikers met at the Sugarlands Visitor Center eagerly looking forward to two days of hiking in the Smokies. After arranging a car shuttle at Newfound Gap and Alum Cave Parking Area we started up the Alum Cave Bluffs Trail. The trail followed Alum Cave Creek and then turned north to follow Styx Branch. A rest stop was taken at Arch Rock, and then climbed up through Arch Rock and left Styx Branch climbing upward to the Bluffs. Just before Alum Cave, we ate lunch at an overlook with a view of the Bluffs, the Chimney Tops and Anakeesta Ridge. We then continued the climb up to the Lodge with the trail crossing several landslide areas with good views of the mountains. The Lodge was reached by 3:00P.M. and the 5.5 miles (elev. gain of 2,800') had been covered in just 4 hours. After inspecting the Cabin we were assigned and claiming beds, we took a side trail to Cliff Top and took a welcomed break laying on the rocks soaking up the sun. The weather was perfect, blue skies with white puffy clouds, sunny and bright and great views of everything from

our vantage point at 6,555 feet. The temperature was in the 60's and there was a constant gentle breeze. Dinner was at 6PM with everyone coming at the sound of the bell. The food was delicious and there was plenty of it. Soup and cornbread, Roast Beef, mashed potatoes, green beans, fried apples, lots of hot chocolate and coffee and big chocolate chip cookies for dessert. Several of us walked back up to Cliff Top to see the Sunset which was absolutely gorgeous (wait til you see the pictures). We were entertained after dark by Margaret playing her recorder, and by a man named Everitt Whaley, 75, who was from Sevier County and told us stories about the early days of the Lodge. We talked among yourselves for a short time after Everitt finished, and then we all snuggled under the wool blankets and were off to a good night's sleep as the temperature fell into the high 40's.

Sunday dawned to overcast skies and breakfast was ready before we knew it and we were summoned to eat by the bell. As Vic said, "This is the way to wake up!" Pancakes with butter and syrup, Biscuits, scrambled eggs and canadian bacon, tang, hot chocolate and coffee had everybody slowly pushing away from the table. Back to the Cabin to clean up and to get ready for the trip to Newfound Gap. We set out on the Boulevard Trail, stopped briefly at the Mt. LeConte Trail Shelter, and then on up to the top of LeConte (elev. 6593'). We placed rocks on the pile at the top which as the story goes will make Mt. LeConte the second highest peak in the Smokies if it reaches 6606' (unconfirmed by writer). Several hikers took the side trail to Myrtle Point which was well worth the side trip. The Boulevard runs to the southeast on the top of the ridge between LeConte and Mt. Kephart. We negotiated the up and downs of the trail stopping occasionally to admire the views of North Carolina to the left and Tennessee to the right. After 5.5 miles the Boulevard junctioned with the Appalachian Trail and everyone gladly stopped to eat lunch and to rest awhile. We met several groups of hikers going both North and South with the majority going on to the LeConte Lodge. The 2.5 miles to the Gap after lunch went by quickly and we arrived at the Van around 2:30 P.M. tired but having thoroughly enjoyed the trip.

Fall Hike Day, October 1 (Joint outing TTA & TVA, LBL)

It was foggy as day broke at the Ft. Henry Hiking Trails but the day that followed was beautiful. The first registrants arrived around 9:00 a.m. and continued to come in until the noon hour. A total of 101 persons registered for this day's activities. A few came as individuals and not part of a club or group while the remainder were Boy Scouts and Girl Scouts. They came from southern Illinois, Kentucky, Tennessee, and northern Missouri. Only two workshops were set up due to no shows on the part of the workers. Almost every group visited with Evelyn Tretter and her Trail Etiquette work shop. Many thanks Evelyn for your unselfish gift of time. The most popular work shop was, of course, the Trail cookery with Maryedith McFarlin. She had them following their noses to find that "wonderful smell". Five separate fire places with five separate recipes, all cooking at the same time, had even the eldest person smacking their lips over the tasty samples. THANKS to everyone who made this such an enjoyable day for so many. See you again next year.

Arthur M. Yates
