Cumberland Trail
State Park

June 22, 1998, was a historic day in the history of the Tennessee Trails Association.

Governor Don Sundquist announced the creation of The Cumberland Trail State Park, as Tennessee's 53rd state park. More importantly, he also announced the signing of an agreement with TTA's Cumberland Trail Conference which assigns to the CTC the responsibility for the development and management of the trail. The CTC will take the initiative in identifying the trail route, will make initial contacts with landowners, and will organize and carry out the actual trail marking and building projects. The state will negotiate the final purchase or easement agreements with landowners, and will provide enforcement and other logistical support.

The Cumberland Trail has been at the very heart of TTA's mission since the group was organized in the late sixties, with the Cumberland Trail as the pilot project to demonstrate the feasibility of a statewide network of hiking trails. TTA then pushed for legislative passage of the State Scenic Trails Act in 1971, which was the first public declaration of support by the state for the CT, as well as the other designated trails.

The ensuing years have seen a lots of ups and downs in the

fortunes of the CT.
We have seen trail miles added, first through the efforts of volunteers, and then by the state's involvement. We have also seen trail miles lost when the volunteers disappeared and the state's funding dried up.

The present situation is the direct result of the efforts of many, many volunteers over the past few years. Under the leadership of Rob Weber and the Cumberland Trail Conference, there has been a resurgence of interest and desire to see the completion of the CT. The accomplishments of the Breakaway programs and other trail building and maintenance projects have demonstrated the strength and capabilities of the volunteer movement. The success of these volunteer efforts has convinced the state of the viability of the concept of a joint public/private park.

However, this latest action by the state does not diminish the need for volunteers. In fact, we need more volunteers than ever. With the state's support and backing, the CTC's goal is to try to move forward on several fronts at once, with projects underway on all sections concurrently. In or-

TRIP REPORTS

Bill and Lee Monroe picked the perfect trail for a hot June day. Cucumber Gap trail in the Smokies was a cool delight.

Thanks to Esther Ruffner for organizing our chapter picnic. 14 members had a relaxing get together and interesting hike on the Norris Dam reservation.

Our first camping foray at Roan Mtn. was a success. All 7 of us had the group camp to ourselves, hiked on the mountain, ate at Bob's Dairyland, sat around a fire, and slept by a burbling creek. The right ingredients for relaxation, and rejuvenation.

Meadow Creek

suspension bridge along the North Rim to Quartz Pebble Overlook where we will

break for lunch before returning. Total hike about 9.2 miles. Bring a lunch

and plenty of water for this long but easy adventure with its many overlook

views of the Savage Gulf. Meet in the back of St. Marks Methodist Church,

Murfreesboro, at 7:30 am. or Savage Falls Ranger Station off Hwy 399 at 9:00

am. Call Jim Schroeder at 615-896-3023 or e-mail TENNBADGER@aol.com to pre-

register.

August 1 - Newcomers Hike and Social led by Elizabeth Gerlock. We will hike the 3.7 mile Garrison Creek Trail on the Natchez Trace Parkway which includes an overlook, rich forest, and a portion of the old Natchez Trace. Boots are needed since the trail is often muddy and you have to cross Garrison Creek without the benefit of a bridge. Bring dry shoes and we will have lunch at the Lovelace Motel. Meet at 7:45 at West End Junior High School in the parking lot close to West End Ave. Call Elizabeth at 356-6260 for more information and to preregister.

August 9 - Canoe Trip on the Harpeth River led by Forrest Evans. Bring your canoe or rent one from Tip A Canoe for \$25 for each canoe and join us for a 4-5 hour float down the Harpeth followed by a cook out or picnic. We will meet at Tip A Canoe on highway 70 west at 1:00 p.m. We will make reservations with Tip A Canoe for the number of canoes needed. Call Forrest at 876-1981 or 876-0100 for a reservation and more information.

Alternate meeting place is 8:30 a.m. at Old Stone Fort State Park in Manchester. Old Stone Fort State Park is on U.S. highway 41, 1 1/2 miles off of I-24. We will do an easy, but beautiful hike of about 2 miles mainly around the wall and cliff perimeter of this sacred site built by prehistoric woodland Indians almost 2,000 yeas ago.

Next stop is Rock Island State Park near Sparta. We will walk down steep steps and scramble (an easy scramble) in the gorge to arrive at a beautiful cold swimming hole with swirling spa-like waters. Bob is resurrecting a tradition to back pack a watermelon into the gorge. Total walk one way is about 1/2 mile. There are trails at Rock Island State Park if the heat allows for hiking. Call Bob to preregister at 832-6484.

CUMBERLAND TRAIL...NEW AND IMPROVED! Just in case you missed it on the fron page: On June 22 Governor Sundquist named the Cumberland Trail as Tennessee's 53rd state park. At a length of 220 miles, it is the state's first linear state park.

FEETS DON'T FAIL ME NOW! On the Appalachian Trail, the great adventure continues for Murfreesboro's Pam Patterson and her group doing the through hike. The grind, the weather and the bear notwithstanding, they remain on course to finish in Maine in September. To follow the story and lend your support, boot up and go to www.bobwilliams.com/bluemoon

AUGUST PROGRAM MEETING Bob Brown..."the essence of greenways and trails in

Tennessee"..."Tennessee's #1 trail volunteer and conservationist"..."the embodiment of the Cumberland Trail." Bob Brown's name virtually means 'Tennessee Trails.' He was there in October 1968 to help form the organization and he remains vital to the mission today. Bob was duly honored by the State this year for his exemplary service. Our chance to learn more about Bob and all his irons in the fire comes at 7:30pm, August 25th at Radnor Lake Visitor's Center. Don't miss this one! Bring a friend and stay for snacks.

"We cannot all find the same things in Nature. She is all things to all

men...What all may have is the refreshment and the exhilaration which come

from a loving and intelligent scrutiny of her works."
John Burroughs

Ozone Falls, Mount Roosevelt, Piney Falls, Cumberland Trail and Homestead Car Hike By Paul D. Miller

The creeks were dry. The falls were a trickle. The hike leader wasnt worth a plug nickel. Millers and Griegos were all that came. There was no one along of any other name. We saw the sights and climbed the towers and saw some summer wildflowers. When our hiking day was through, we cruised to the Sonic for a Slushy or two.
