Officer and Committee Reports

Secretary—Melinda Pearson

Melinda presented the Minutes of the 3rd Quarter (8-2-22) Board Meeting, emailed to Board members on 8-9-22. Hearing no additions or corrections in reply, Melinda moved (2nd Cheryl Heckler) to accept the 8-3-21 TTA Board Meeting Minutes as a complete and accurate account of the Board's business on that date. Motion carried. (Attachment 1)

Treasurer—June Callahan

June presented the Income and Expense Reports (General Fund & EMGF [Evan Means Grant Fund]) and the Net Worth Report through the 3rd financial quarter. Jenny Fitzgerald moved (2nd Will Lantham) to accept the 3rd financial quarter documents as a complete and accurate account. Motion carried (Attachment 2)

Audit Committee—June Callahan

June explained the difference between financial audit and financial review. She explained the appropriateness, content, benefit and cost estimate of a financial review, and recommended the firm Parson and Wrights CPAs (Certified Public Accountants), to conduct a review on TTA's 2022 financial records. Mark Hubbard moved (2nd Will Lantham) to approve the financial review by the recommended firm. Motion carried.

Communications Committee—Mark Hubbard

Mark Hubbard introduced and thanked Mary Lewis Tims (Jackson Chapter), who has accepted an invitation from the Communication Committee to become the TTA Newsletter Editor starting in January 2023. Mark moved (2nd Michelle Kelley) to award the editorship position to Mary Lewis Tims. Motion carried.

Finance Committee—June Callahan

June led discussion on placement of 2 Certificates of Deposit (CDs)—(Klabunde estate, app. \$67K; Life Memberships, app. \$25K) which matured in May 2022. June moved (2nd Wayne Drown) to invest the funds with Edward Jones Co. in laddered CDs with 6 month maturity intervals and automatic rollovers at maturity if funds are not needed to be withdrawn. Motion carried. (Attachment 3)

June asked the Board for guidance on the total restriction of Life Membership funds, a matter which next year's Board will need to address. (Attachment 3)

EMGP Committee—Jane Coffey

Jane Coffey reported one grant request in this quarter from the Friends of Roan Mountain, Inc. The Committee met 10-11-22 to discuss this grant application, and recommends that the request be refused (Attachment 4)

Membership Committee—Cheryl Heckler

Cheryl Heckler gave a report of the business of the Membership Committee meeting on 8-9-22. Attached to her report was the TTA Quarterly Membership Report for 11-6-22. (Attachment 5).

New Business

Jane Ellett presented a 2022 Annual Conference update reporting an attendance of 141 TTA members, and \$1100 received in donations. She also reported on some cost data for the Conference facility.

Mark Hubbard recommended acknowledgment of retiring Board members, and other leadership at the Annual Membership Meetings. He volunteered to write the acknowledgment for this year, and submit it as an article for the Newsletter.

Adiournment

At 10:25am ET, a motion was made by Cheryl Heckler (2nd Mark Hubbard) to adjourn the meeting.

Minutes submitted by Melinda Pearson, TTA Secretary, Nov. 16, 2022.

Tennessee Trails Association Finance Committee Meeting Minutes October 17th 2022 Libby Francis Virtual Meeting Room

Attended by: Libby Francis, Jane Coffey, June Callahan

Absent: Melinda Pearson, Mark Hubbard

Placement of CDs

When this topic was discussed at August 8th 2022 board meeting, Terry Warren, raised the point that the Edward Jones Investment Company was offering better interest rates than we had been able to find. Our original research only looked at banks as this is where TTA had previously placed funds on deposit. With this information from Terry it was necessary that we did more research to confirm the information she had shared.

The research into Edward Jones confirmed that the CDs would be FDIC insured, exactly as they would if they were placed with a commercial bank. The current interest rates offered by Edward Jones for term lengths we would be interested in are: 6-months 3.95%, 12-months 4.25% and 18 months 4.45%. The merits of having CDs that mature every 6 months was agreed as being an advantage. As CDs matured, they would be renewed, but, if TTA needed to withdraw funds we would be able to so without any penalty. Using the CD ladder approach, we could start with 1/3rd maturing in 6 months, 1/3rd maturing in 12 months and the final 1/3rd maturing in 18 months. On renewal the amounts on 6 months and 12 months would be moved on to being deposited for 18 months to maximize the interest earned but still allow for access to 1/3rd of the total funds every 6 months. The restricted life members fund was previously held for 12 months and we are recommending that it stays at 12 months.

Jane asked about penalties for early withdrawal of funds, i.e. withdrawal before the maturity date. June researched this after the meeting and found out that there would a no penalty if a portion of a CD, or if a portion of multiple CDs were withdrawn early. There would be a loss or gain if all of one CD was withdrawn early. The loss or gain would depend on the value of the CD in the secondary markets where it would be sold. That said, it is very unlikely that any CD would have to be closed out prior to its maturity date as TTA only puts a portion of its funds into CDs. Other funds are held in TTA's bank accounts which remain with Regions Bank.

The decision to take out certificates of deposit with Edward Jones Investment Company will be put before the board at the next board meeting which is scheduled for November 6th 2022.

Life Memberships

This item is on the agenda so that June can update the finance committee on her research into this topic. Cheryl Heckler, our Membership Director, found a database that held some very old membership records. This data included 20 life memberships from the period of January 1990 through May 2008 that are not on any of the life membership reports that June had inherited from previous Treasurers. All of the 20 life members are either deceased or inactive. To be classified as Inactive means that no communication has been successful, either by telephone, email and mailing address. Further research is still ongoing but, has it stands right now, the amount received in life membership appears to be \$31,250. That is \$6750 higher than the amount currently set aside in the restricted fund.

The classification as restricted funds comes from the by-laws which state:

"The dues collected from Life and Family Life memberships will not be used for operating expenses, but placed in a separate Life Membership Fund. Earnings from this Fund may be used as the Board deems appropriate."

June's view is that this treatment of life and family life membership dues is inconsistent with the treatment of dues for all the other classes of membership available to individuals. Examples shown below:

Individual membership - annual dues go to General Operating Fund
Family membership - annual dues go to General Operating Fund

Supporting membership - annual dues go to General Operating Fund, additional contribution goes to EMG Fund (board direction)
Supporting Family - annual dues go to General Operating Fund, additional contribution goes to EMG Fund (board direction)

Student membership - annual dues go to General Operating Fund

Life memberships - annual dues go to Restricted Fund and cannot be used for anything other an earning interest

An alternative treatment that would bring all membership dues into alignment would be:

Life memberships - annual dues go to General Operating Fund each year, remaining balance is used to earn interest

June will bring the matter of life and family life memberships to the attention of board for the benefit of receiving the board members' opinions.

The Evan Means Grant Committee met Tuesday evening, October 11, 2022, to discuss the proposal from the "Friends of Roan Mountain" to improve the signage for area information about Hampton Creek Cove (HCC) State Natural Area (SNA). The request was denied due to the fact that this area (HCC) currently is fulfilling an EMG pledge, but has not completed that pledge adequately. There has been no documentation, photogenic or other, to ensure the grant pledge has been fulfilled to the EMG Committee's standards. The Committee's standards specifically state that "photographic documentation of the completion of a project must generally be provided before another grant request from the recipient organization will be considered."

Friends of Roan Mountain Evan Means Grant Application, October 2022

1.0 Description: The Friends of Roan Mountain, Inc., (FORM), is a 501(c)(3) non-profit organization, that fosters greater awareness and understanding of the natural, historical, and cultural significance of Roan Mountain. Hampton Creek Cove (HCC) State Natural Area (SNA) is situated on the north flank of Roan Mountain and managed in partnership by the Tennessee Division of Natural Areas (DNA) and the Southern Appalachian Highlands Conservancy (SAHC). FORM has provided monetary and labor support for projects at HCC SNA since its designation as a state natural area in 1986.

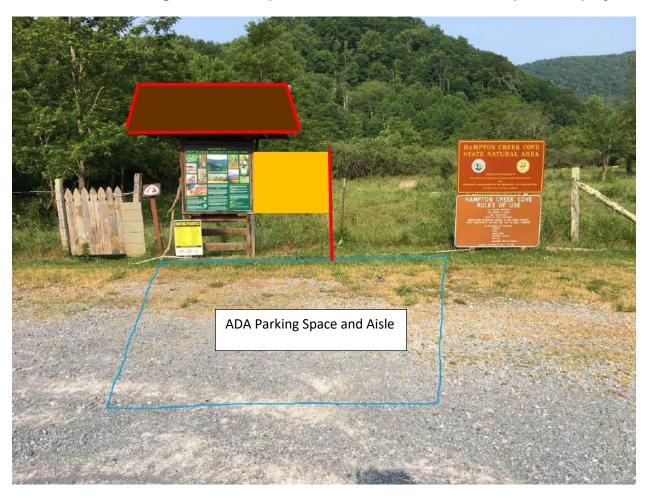

DNA and SAHC jointly completed the installation of two, new, steel pedestrian bridges at the natural area and, as part of that project, made improvements to the parking area and trailhead, including expansion and maintenance of the information kiosk. The Tennessee Trails Association helped to support that project with the Evan Means Grant to produce and install new trail signs throughout the natural area.

At the parking area/trailhead, the managing partners coordinated and supervised an Eagle Scout project to enlarge the information kiosk and build a boardwalk on part of a hiking trail. This volunteer labor will be applied as match to this grant if awarded. The front side of the kiosk now serves a new ADA parking space and access aisle. One purpose of the new display materials is to serve that facility with access to information about the area.

The kiosk is ready to receive updated visitor information to include a general display about the natural area, a revised trail map and trail descriptions, and educational information about critical management issues at the natural area, including rare Goldenwinged Warblers that breed at the natural area and the threat from wild hogs. We are requesting an Evan Means Grant to support one-half of the production cost of panels for the information kiosk at the state natural area.

A high quality outdoor display product is needed for the display materials that resists weathering and fading from sunlight and exposure to harsh elements of wind-driven rain and excessive cold. This kiosk is exposed to harsh sunlight and the partners have had to replace many display materials frequently due to fading to the point of illegibility. Rather than continuing to replace these materials, we have opted for production with Fossil Graphics, Inc. which produced an outdoor display material that is resilient and carries a guarantee against sunlight fading and weather damage. Fossil Graphics supplies displays to many national land management agencies such as the National Park Service, municipal parks systems, museums, etc.

Old Kiosk with Design Plan for Improvement: New Metal Roof; Expand Display

Finished Kiosk Expansion and Roof Improvement

This request is for \$1409.00 to cover one-half of the cost of production and delivery of 6 display panels. See the budget table (page 6) and the Fossil Graphics quote (page 7). The total cost of production and delivery is \$2818.00. The Tennessee Division of Natural Areas will cover the remainder of the additional cost.

2.0 Benefit to Hikers: A new trail map and trail descriptions are needed due to relocations of trail segments during the installation of new pedestrian bridges. The new trail map and descriptions will prevent confusion and misdirection.

- The new trail descriptions are color coded to match the trail blazings and markings on the map and on the ground. The descriptions are short and highlight the features of each trail to let hikers know what to expect on each trail, including updated trail difficulty ratings.
- The new trail map provides better descriptions of trail lengths and topographic information.
- Rules of the natural area and prohibited activities are included on the main display as well as contact telephone numbers.
- The main display provides interpretation of the significant features of the natural area.
- The GWWA display is vetted by the Golden-winged Warbler Working Group.
 This species is a candidate for federal listing as an endangered species.
 Hampton Creek Cove provides the highest number of known locations of protected breeding territories in Southern Appalachia.
- The main display and GWWA display will be accessible to the handicap parking space and access aisle.

These new display panels are in layout production, and we can share them if needed with the Tennessee Trails Association. They are being produced by the DNA and the graphics department of the Tennessee Conservationist magazine.

Hikers visit Hampton Creek Cove from as far as North Carolina, Alabama, Nashville, Tennessee and elsewhere. Two official Overmountain Victory National Historic Trail (OVNHT) segments connect the natural area to the Cherokee National Forest, and then continue to the Appalachian Trail at Yellow Mountain Gap. This popular hike draws many visitors. Roan Mountain State Park often conducts hiking programs at the natural area. Many hikers of OVNHT use the Birchfield Trail as an alternative route through the mid-elevations of the cove. Elm Hollow and Shell Hollow are popular with people seeking shorter hikes for bird-watching, spring flower and old growth tree hikes. The Friends of Roan Mountain regularly conducts Roan Naturalist Rally field trips and other activities at Hampton Creek Cove.

- **3.0 Start and Completion Dates:** Assuming receipt of the grant award by December 2022, the project will start by January 2023 and will be completed by June 30, 2023.
- **4.0 Budget Detail:** The grant request is to cover one-half of the cost of materials production and delivery for this project. The total budget includes the cost of the display panels production. Match is provided by the value of labor to develop the display content, the graphic layouts, the installation, and the value of the volunteer labor donated to build the kiosk extension and replace its roof.

5.0 Total Cost and Funding Sources: Total cost of the project is \$6892.00. Funding Sources include the Evan Means Grant for ½ the cost of display panel production and delivery, the Tennessee Division of Natural Areas for one-half cash match for display

production. The grant is matched 1:1 in cash and 2:1 from in-kind and cash match sources. The panels production quotes follow along with the hours already dedicated by scout volunteers.

- **6.0 Total Man-Hours:** Excluding the scout project already completed, this project will require a total of 60 man-hours: 40 man-hours minimum to produce the panel content and graphic layout (to be done by the State) and 20 man-hours for installation. The Division of Natural Areas will oversee the installation.
- **7.0 Total Volunteer Hours:** 184.5 scout volunteer hours already completed, plus 5 additional volunteer labor hours.
- **8.0 Acknowledgement:** The Tennessee Trails Association contribution will be acknowledged by a statement of appreciation and attribution attached to the kiosk at the HCC SNA parking area/trail head (acknowledging this and previous award). All visitors to the area will be able to see the acknowledgement. A dedication of the new pedestrian bridges and the parking and trail improvements is planned. TTA (and all contributors) will be invited to that event and acknowledged publicly at it, and in any press releases about the project.
